

Curious Cuddlers

Riverview Early Childhood Center

Welcome

I would like to welcome you and your child to the Curious Cuddlers, 1 year old room! I'm excited that I'll have the pleasure to spend it with your child. We will have a lot of fun!

I would like to tell you a little bit about myself. My name is Chasity. I live here in Webster City with my Husband Jerred and our two Children Braylon and Braxton. Riverview has been my job for a few years now and I enjoy working here. I just came back a few years ago after being at home for a number of years. I'm very excited to be back. Over the past several years, I have taken several classes and learned many things about child care and development.

Our goals for this year will focus on getting along and interacting with friends in our room and getting used to new people throughout the center. We will be learning large and small motor skills, which include: holding and learning to use crayons, markers, paint brushes using cups with no lids. The large motor skills we will be working on are mainly balance and coordination.

The activities we will be doing are planned around weekly themes. Attached is a general list of these themes and skills that will be covered throughout the year. The activity calendar will be posted on the first day of each month on the parent board, which is located right outside the classroom door. There will also be a copy placed in your child's hallway cubby.

If You have Any Questions Please Don't Hesitate to Ask!!!

Thank You and I look forward to the upcoming year with your children.

Thank You,
Chasity Plian
